

About us

Quizzers' Club Manit (QCM) is the official quizzing society of Maulana Azad Institute of Technology Bhopal. QCM is formed by a bunch of quizzing prodigies of Manit in Feb 2013. We are a group of enthusiastic quizzers, executives and designers. The purpose of the society is to promote quizzing, group discussion, debate and to increase the level of general awareness amongst the student community. Quizzers' club conducts various successful events throughout the year in which students from different colleges of India participate.

The main events organized by Quizzers' Club Manit are Manthan, TQQW, Quizzotica and Vihaan. We try to bring like-minded quizzing enthusiasts together on a platform for mutual sharing of ideas and probing the globe of knowledge. Quizzers' Club Manit provides opportunity to the students to show their quizzing skills. We are planning to conduct more quizzing events online due to this pandemic and are also planning on conducting inter college competitions. We post questions and interesting facts on our social media pages daily to enhance everyone's learning and curiosity.
